

ONE	A giant tub of ice cream weighs 6kg plus half its weigh. How much does it weigh in total? 
TWO	A man has 14 camels and all but 3 die. How many are left? 
FOUR	How many birth days does the average man have? 
THREE	There are 16 crows in a field. The farmer shoots 4. How many are there in the field now? 
TWELVE	If there are three pizzas and you take away two, how many do you have?
